# — LITTLE LIONS — DECODABLE BOOKS

## Roll & Read Red Game Instructions

Take turns rolling the die.

Read a word next to the matching number.

If you read it correctly, cover it with a counter  
or color in the box.

Make sure each player has either their own set  
of character counters or color.

The player who reads the most words in a row wins  
the row. The player with the most rows wins!
