

Rivers and Bridges Game Instructions

Creating Your Character:

Print out 1 copy of the Game Pieces.

Each player chooses a character.

Optional: Color in the characters and glue onto a piece of cardstock.

Cut out the characters along the dashed lines.
Fold the base along the solid lines to make your character stand upright.

Playing the Game:

Each player will place a character on **START**.

Roll the die and move across the board.

Read each word as you pass over it.

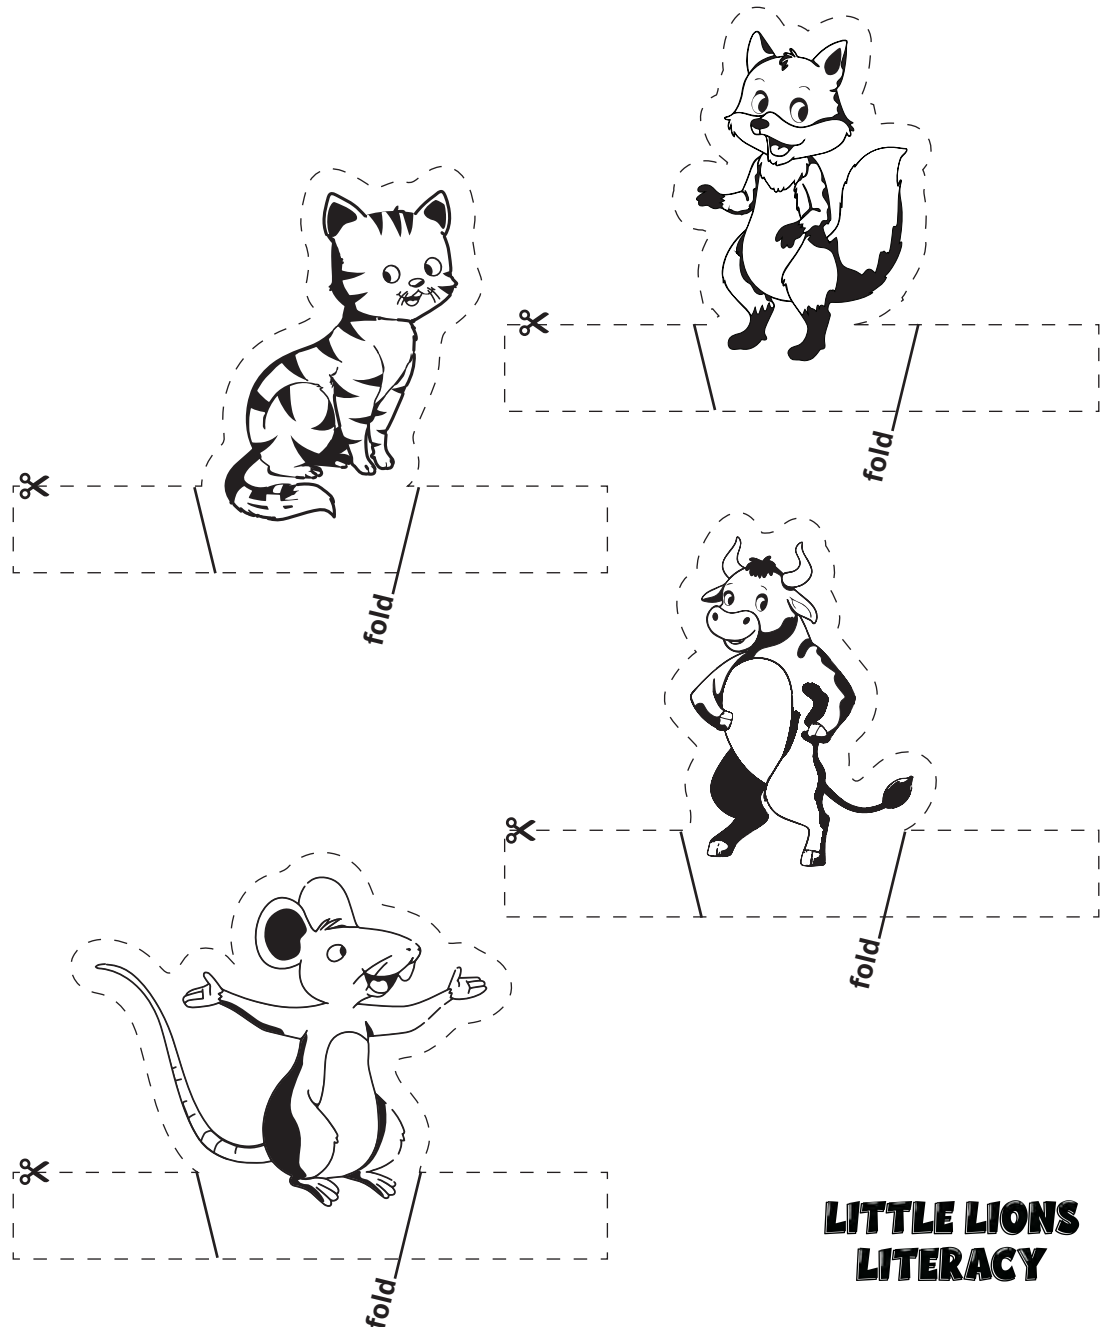

For example, if you roll a four, read four words.

If a player lands on a bridge, they can move up and land on a new word. If they land on a waterfall, they will fall down and land on a new word.

The first player to reach **FINISH** wins!
